BASIC INFO

PRODUCT NAME RGB	PRODUCT CATEGORY POUFS
LAUNCHED 2018	DESIGN BY IVAR GESTRANIUS & KEVIN LAHTINEN

DESCRIPTION

RGB is a playful pouf with a bunch of cool details. It comes in three colors: red, green and blue. Each version has five different shades of the specific color. All sides on the pouf are different from one another, which makes it almost equally beautiful from all angles. RGB comes on castors as standard, making it quite flexible and handy in activity based offices, mobile working environments and other areas where you feel the need for kicking your pouf around. It also works great in lounges, waiting areas and at home. Not to be confused with KGB. That's a totally different story.
